

MAYOR AND DEPUTY RAIDERS SAVED FROM BIG MOB

Cincinnati Police Go to Aid of Suburb Officials on Trial.

CRIES OF "ROPE!"

Demonstration Started When the Mayor and Deputies Appeared For Trial Before Magistrate Sam. Williams.

Cincinnati, Nov. 12, (AP)—Surrounded by a threatening crowd that gathered from miles around, Mayor A. R. Pugh of North College Hill, a suburb of Cincinnati, and four liquor court deputies were rescued Tuesday night after having been marooned in the town hall of the latter city for four hours.

The demonstration started when the Mayor and his deputies appeared for trial before Magistrate Samuel Williams on charges of assault and battery and pointing firearms, preferred by Mrs. Henry Smith of Dent, Ohio, whose home they raided in search for liquor several days ago.

When the cases were called the defendants entered pleas of not guilty and the trials were confined until next Friday.

This was the signal for an out break of the part of the crowd, members of which justified their way to the side of the defendants, demanding that the trial proceed. Someone turned out the lights and when they flashed up again, Greenlee Hahn, a deputy had a broken nose, and others of the deputies exhibited evidence of rough handling.

Seeing that the danger was growing steadily the court and village officials rushed through the crowd and hustled the deputies and Mayor Pugh into the jail in the basement of the building. "Hang 'em," and "Get 'a rope" were cries heard on every side.

Appeals for order being of no avail, Cincinnati was called upon for aid and reserves arriving a cordon was formed around the hall and Mayor Pugh and deputies were rushed to Cincinnati, the crowd having thinned out.

Three automobiles said to belong to deputies were overturned and set afire.

Poland Is Forced To Buy U. S. Grain

(The Associated Press)
WARSAW, Nov. 12.—Rain and flood have reduced the harvest of grain in Poland this year, although the crop is larger than it was last year. Poland, therefore, will be forced to purchase more grain in America than last season.

The Polish-American Chamber of Commerce will take steps to protect the consumer by getting hold of the chief supplies from United States and selling them as cheaply as possible. Stanislas Arcet, formerly Polish High Commissioner for food purchases in America, will go to the United States in this connection.

Sculptor Explains The Horns on Moses

CHICAGO, Nov. 12, (AP)—How the statues of Moses came to be made with short horns protruding from each side of the forehead is explained by Lord Taft, noted sculptor here, to have been due to the "improper translation of the word 'glory' by sculptors of the period."

"The Hebrew word for 'glory' is 'shekani', which means 'to dwell'. Mr. Taft said, and in translating it into Greek the word 'horn' was used instead of 'glory'. Hence the sculptors of the period interpreted the word 'glory' as 'horn'."

The new service is to be a train with dining car, bar, hotel and separate barber shops and smoking compartments for men and women will be put into operation between Havana and Santiago de Cuba in January, according to an announcement by E. L. Brown, general agent of the Peninsula & Occidental Steamship company.

Louise Martin Arrested In Hubsch Flogging Case

Mrs. Hubsch Implicates Neighbor Woman in the Case.

NOW OUT ON BAIL

Husband and Wife in Same Hospital—One Is Suffering From Mental Trouble, the Other From Wounds.

(The Associated Press)
MIAMI, Florida, Nov. 12.—Louise Martin is under arrest today charged with conspiracy as the result of information obtained from Mrs. Hugo Hubsch also under arrest in regard to the flogging her husband, November 6th by masked men.

Martin, the proprietor of a pressing establishment adjoining Hubsch's drug store in Coconut Grove, Mrs. Hubsch is reported to have confessed to instigating the flogging of her husband because the war hero offended her.

She is in a serious mental condition today at the same hospital where her husband is confined following the serious flogging. The woman was released from jail under \$1,000 bond to become a patient at the hospital.

RUSSIAN ROADS ARE EFFICIENT

Special Assembly of the League of Nations May Vote in Germany As a Member.

MOSCOW, Nov. 12, (AP)—In the midst of the general industrial prostration, social disintegration, and the breakdown of many of the normal processes of life in Russia, nothing seems so striking as the efficiency and comfort of the railroad service. Although the Soviet has far from an adequate number of locomotives or passenger coaches, it maintains a travel service which, if much below the standard of imperial days, is at the same time a credit to the country with its present depleted resources.

Americans and other foreign visitors may travel from Warsaw, Berlin or Riga to the larger cities of Russia and enjoy many of the comforts which existed before the war. Although there are, as a rule, no dining cars on these trains, passengers may secure wholesome food at the station restaurants all along the route. There are no regular sleeping cars, as in pre-war days, but comfortable berths and compartments of the local Russian type, equipped with clean bed linen, usually can be secured. First-class fares are considerably less than in the United States.

On most of the longer routes within Russia, regular sleeping and restaurant cars are maintained and except in the matter of speed and the number of trains idly, the service falls little short of the pre-revolution standard. Between Moscow and Petrograd to Iatium, Tiflis, Baku, Odessa, the Crimea, and other points. Once a week there are express trains between Moscow and Vladivostok, with international sleeping cars and diners attached, the trip occupying about 12 days.

On all these journeys, however, the passenger soon realizes that the most serious defect in the Russian railroad service is the deplorable condition of the tracks, the roadbed and the crossings, which have not been replaced for years. The railroads in Russia are run at a great deficit. The repair of the badly worn rolling stock, the renewal of parts, the building of new passenger and freight cars, the strengthening and repair of insecure bridges and the reconstruction houses, have entailed enormous expenditures. The Soviet authorities are trying to secure a loan abroad for the Russian railroads, but the terms have not been sufficiently liberal to attract foreign capital.

Make Changes In Local Time Table

Effective Sunday, November 16th 1924, at 12:01 a. m. A new time table Number 106 will take effect which will make various changes in schedules of trains, including a change in passenger train No. 12, which will leave Middlesboro at 12:00 p. m. instead of 12:15 p. m. as at present.

DISCUSS STATE HIGHWAY SYSTEM

In Last Four Years the Highway Department Has Taken Over 1,500 Miles.

FRANKFORT, Nov. 12, (AP)—Discussion of development of the state highway system today engaged the state highway commission in special meeting.

In the last four years, the highway department has taken over 1,500 miles for maintenance, Joe S. Bogg, state highway engineer, said, and put under contract about 750 miles additional.

The system comprises 7,987 miles. There were 6,294 miles in the primary system on January 1, this year, according to the engineer, and 2,683 1/2 miles added by the 1924 general assembly up to August 1, this year 1,500 64 miles of state road were accepted and maintained, he said.

Gravel and drainage comprises the prevailing type of road under construction last year; with gravel, waterbound macadam, reinforced concrete, bituminous macadam, and rock asphalt, following in that order.

The average prices, construction work last year, according to his figures, were gravel and drainage, \$12,000 per mile; gravel, \$18,000; waterbound macadam, \$30,000; reinforced concrete, \$40,000; bituminous macadam, \$35,000; rock asphalt, \$41,000; average cost of all types, \$23,000.

The average prices this year, however, are becoming cheaper, he said. The last letting on October 30 for road construction and maintenance averaged \$15,041.60. The maintenance work alone averaged but \$11,818.47 cost per mile; the construction work, \$15,624.11.

He estimated revenue for the road fund for July 1, 1921 to June 30, 1925 as follows:

Automobile tax \$3,500,000, three cents gasoline tax \$2,500,000, three cents ad valorem tax \$700,000; federal aid \$1,400,000; county contributions, \$1,000,000; total \$9,000,000.

The commission on October 30, let contracts for construction and maintenance of roads and construction of five bridges totalling 184 9/16 miles, totalling \$3,027,307.45 at average of \$16,280.40 a mile.

The next opening of bids is set for November 25 for construction of about 130 miles of highway. The commission recently took over the Dixie Route A highway between Louisville and Knoxville for completion of links between London, Corbin and Barbourville, and Mr. Bogg declared intention of the commission to construct four main roads across the state.

WATER FAMINE IN LOUISIANA CITY

Street Sprinklers, Tank Cars and Tank Trucks Are Pressed Into Service.

NEW ORLEANS, Nov. 12, (AP)—Street sprinklers, tank cars and tank trucks were pressed into service today to transport drinking water to the citizens of Saint Bernard.

Officials said that the situation is painful and that virtually every cistern is dry. For weeks water has been hauled in casks from the Mississippi river. The last general rain occurred in September. The Saint Bernard parish in Louisiana is the greatest vegetable producer. The water famine resulted in heavy losses in the livestock thru out various sections of the state.

To Develop Irish Fishing Industry

DUBLIN, Nov. 12, (AP)—M. Brophy of the Irish Fisheries Association has said that American financiers have agreed to form a company with a capital of \$500,000 to develop the Irish fishery industry. The company will be registered in Ireland and the directors will be Irishmen, but the money will be floated in America. The money, said Captain Brophy, has been actually put up.

Tank ships will be procured for the purpose of placing Irish live markets, and it is hoped to establish a large trade in cured fish in America.

A "LIVING DEAD MAN"

Wyle Newton (left) is slowly dying from bullet wounds received when shot by officers hunting him in connection with the \$2,000,000 mail train robbery at Roundout, Ill. The infection developing in one of the wounds soon will reach his brain, the doctors say. Yet Willis, who with his brother, Willis (right), has pleaded guilty to participation in the robbery, is being held as a material witness against four others soon to be brought to trial. He is unconscious half the time.

NO SPECIAL SESSION WILL BE CALLED NOW

Conference Between Mellon and President Coolidge.

TIME IS LACKING

No Consideration Given by the Administration to Special Congressional Session After March 4th.

WASHINGTON, Nov. 12, (AP)—The Coolidge administration has no present intention of pressing for tax legislation at the coming session of congress, it became known today after a conference between Secretary Mellon and the president.

It is understood that Mrs. Mellon does not consider it practical to take up the taxation problem at the coming session because of lack of time and in view of other difficulties entering into the situation. The administration has not given any consideration to the calling of a special session of the new congress after next March 4th to consider tax reduction, it is stated.

Washington May Be Business Center

WASHINGTON, Nov. 11, (AP)—Washington may soon add to its other attainments that of the business meeting center of the country. The recently opened auditorium in the new home of the Chamber of Commerce of the United States, its officials here say will soon become the rendezvous of special lines in the commercial world. They point to the gathering of the Chamber of Commerce secretaries from over the country in the auditorium as the fore runner of similar convales where business men of kindred interest will discuss their common problems in a home of their own.

As evidence of the diversification of these special units within the national chamber the organization's roster reveals the varied scope of the activities of Mr. American Business Man.

The national chamber's officials expect that organizations such as these will gather in the auditorium on the first floor of the new workshop of American business. Thus, they think will Washington take leadership as the focus point for commercial discussion.

May Release Jail Birds On Public

MARION, Ill., Nov. 12, (AP)—Unless the county board provides money for the feeding of prisoners including four alleged murderers, they will be released from custody. Unless corpus proceedings are to be resorted to. The county board has approved the feeding bill of \$300 but failed to provide the funds.

Speculation Runs Riot Again Today

NEW YORK, Nov. 12, (AP)—Speculation in stocks continued to run riot today. The market flooded with another deluge of buying orders sending more than two dozen issues to new peak prices for the year in the first half hour with the total sales exceeding 370,000 shares. The early gains were well maintained despite the enormous amount of profit taking.

ANOTHER DIES OF ARSENIC POISON

Total Number of Poison Victims Now Numbers Ten, and Others Are in Grave Condition.

LANCHBURG, Va., Nov. 12, (AP)—James Collins, New York City, of the Elks Lodge, died today bringing the total number of victims poisoned by older served at the Elks national home at Bedford, Monday to ten.

Sixteen other aged members are now in the hospital suffering from arsenic poisoning. They are improving today but grave concern is still held for four of them.

CUMBERLAND IS ROLLED IN MUD

L. M. U. Emerges Victoriously—Tuesday's Game Is One Sided Affair and Slow to Watch.

Lincoln Memorial University defeated Cumberland College here yesterday afternoon 47 to 0 in a game one-sided and made interesting only by the swift and baffling broken field running of Tex Turner. L. M. U. quarter.

Cumberland played a clean hard game, but L. M. U. was stronger. The first touchdown came within the first few minutes of the game and was the result of completed forward pass. Wilson carried the ball across. After that the touchdowns came regularly and evenly.

The L. M. U. line showed great power on the defense, breaking through and throwing Cumberland back for losses, and also in opening up good holes for the backs of L. M. U. to gain.

In the third and fourth quarter Coach Garrett ran in his second string men who scored three touchdowns and held Cumberland scoreless.

Holberry, Wilson and Flar, ends, were taken from the game in the first quarter to give less experienced men opportunity to play. Manly, center, and Surber, tackle, proved their worth by their fine defensive playing.

Set Up Barrage Against Diseases

LONDON, Nov. 12, (AP)—Officials of the ministry of health declare against plague, typhus fever and cholera which costs the country only \$500,000 yearly. "Probably the cheapest insurance premium in the world."

The work of medical post office never ceases, it is going on day and night, and is a "silent" service, the ministrants say.

Twelve Negroes Were Mobbed By Ugly Crowd

Secretly Sheltered In Homes of Friends to Escape Violence.

MANY ARE INJURED

Leroy Smith Is Seriously Injured and George Harris Is In the Hospital Suffering From Wounds.

HARRISBURG, Nov. 12, (AP)—Twelve negroes, victims of rioting at Dix River Dam Sunday night, were mobbed it became known today. Ten of them secretly sheltered in the homes of friends. Two of them are in the hospital where their recovery is said to be doubtful.

Leroy Smith, probably the most seriously injured, is suffering from an injured knee when the outbreak occurred and he was forced to leave his bed and flee. His frequent stumbles during the four mile retreat injured his knee and doctors predict that he will be injured for life.

George Harris is the other hospital patient is confined to his bed Sunday suffered severely from exposure when he was forced to flee. All the injured were brought to Harrisburg by sheriff Kenney but their presence was not revealed as those sheltering them feared further outbreaks.

GERMANY MAY JOIN LEAGUE

In the Midst of the General Turmoil Nothing is as Striking as the German Position.

GENEVA, Nov. 12, (AP)—A special assembly of the League of Nations is expected to be held at Geneva some time this winter to vote in Germany as a member of the league. Basing their explanations on the assumption that the German negotiations with the various powers will eventually succeed and that Germany will one day actually forward her application for membership, league officials express the opinion that the Council of the League will probably arrange for the special assembly.

It is believed that if the German negotiations have proceeded far enough and the German application is actually received in time, the council will take some action at its December meeting in Rome.

A special assembly for Germany naturally cannot wait for the arrival of delegates from distant corners of the earth. Hence it is planned that remote countries will designate their ambassadors or ministers in Europe to represent them at Geneva on this special occasion. Moreover, it is probable that each country will send only one representative, instead of the three official delegates who under the rules attend the annual assemblies of the league, together with their substitute delegates and numerous experts.

As Germany has been told by allied powers that her entrance into the league must be in accordance with the covenant, without special exceptions or privileges, it is of interest to note that the question of admission is covered in Article I of the covenant. This says that any fully self governing state, dominion or colony may become a member if its admission is agreed to by two-thirds of the assembly, provided that it shall give effective guarantees of its sincere intention to observe its international obligations as may be prescribed by the league in regard to its military, naval and air forces, and armaments. However, it is understood by everybody that Germany will be given a permanent seat on the council as being one of the great world powers.

Louisville Markets

Cattle, slow, steady, unchanged. Hogs, fifteen hundred, uneven, five to nine seventy-five. Sheep, fifty, steady. Lambs, eleven fifty to twelve. Others unchanged.

Just when father lets up on you about the price of school books he sees Christmas coming.

IS DISARMED IN PINEVILLE

COURT HOUSE

Feared Slain Brother Might Try Avenge Death

ASHER PUT IN JAIL
Sheriffs Say Asher Move as if to Draw a Pistol When Smith Was Presented to the Court.

PINEVILLE, Ky., Nov. 12, (AP)—Asher, brother of "Little Joe" Asher, Chief of Police of Pineville, who was slain by Garrett Smith in the Court House here several months ago, was disarmed in the Court House here Tuesday after it was feared that trouble might result when Smith was being presented to the court.

Sheriff Martin Green, who disarmed Asher and placed him in jail on a charge of carrying a pistol, said that Asher made a move as if to draw a weapon.

Smith, who is alleged to have shot and killed his chief brother while both men were arguing before Police Judge Hoskins, was tried in Middlesboro and the result resulted in a hung jury. A change of venue was asked when the case came up for trial at the present term of the Bell Circuit Court and the trial was set for Middlesboro. Smith was brought from Middlesboro Tuesday and taken before Judge J. G. Lott.

As Smith and his guards entered from the Court House door, Chief of Police Stewart and Sheriff Green seized Asher, who was standing in the hallway, and disarmed him.

State Railroad Commission Meets Today

(The Associated Press)
FRANKFORD, Ky., Nov. 12.—With a tight docket, the state railroad commission met in monthly meeting today to give itself over to railway regulation.

As the state has no general public utilities commission, a certain amount of railway regulation is accomplished through the electric railroad commission.

Three veterans in state government comprise the commission, Frank N. Burns, Paducah; Dr. W. C. Booneville, and Oscar West, Carrollton, with Richard P. Brown, another veteran, sitting daily in the office as secretary.

Perhaps the most prominent career has been that of Booneville, whose military life took him as captain, Company I, Second Kentucky Infantry, through the Spanish border trouble in 1910, and 1917; through the world war with the same organization until he went to France with the 101st shooting 140th Infantry; then as assistant adjutant, general, and finally as lieutenant colonel, 101st Infantry, upon commissioning in 1911, 1922, exactly four years after the armistice.

Luxurious Train To Attract Tourists

HAVANA, Nov. 12, (AP)—A new train with dining car, bar, hotel and separate barber shops and smoking compartments for men and women will be put into operation between Havana and Santiago de Cuba in January, according to an announcement by E. L. Brown, general agent of the Peninsula & Occidental Steamship company.

Special coaches are being constructed by the Pullman Company for the train, which is to be the best equipped passenger train in the world.

The new service is to be a train with dining car, bar, hotel and separate barber shops and smoking compartments for men and women will be put into operation between Havana and Santiago de Cuba in January, according to an announcement by E. L. Brown, general agent of the Peninsula & Occidental Steamship company.

"THE LIBERTY BAND"

The new Liberty Band made its first appearance yesterday—a very creditable musical organization. Beginning its duties in the morning and ending them at almost sundown, the band bore its full share in the honors of the day. With but three outside men in its personnel, it had eighteen bandmen in line and had many flattering compliments on this, its first appearance.

Congratulations are in order to the American Legion, Mr. Walls, its manager, Mr. Umberger, its efficient director, and the bandmen themselves. We may go a little further while we are congratulating everybody and extend felicitations to C. G. Edwell, whose tuneful soul first whipped the band into some semblance of a musical organization.

Middlesboro has a band and now it is up to Middlesboro—all of us, to second the efforts of the Legion and the band manager and director. It is a decided asset to a city to have a band. Next summer Middlesboro should have a municipal concert—free. Not that the bandmen are to be expected to devote their time and talents to entertaining us and our visitors without recompense, but some way should be found to endow the band with sufficient funds to meet ordinary expenses and give its members some return for their expenditure of time and talent. The Legion should not be expected to meet the entire burden of the Liberty band. They should have ample backing in a monetary way, ample co-operation from everyone and last of all, an entire absence from kicking—a thing that has put more than one band and other municipal enterprise out of business.

OUR PENITENT FRIENDS OF THE WHOLESALE TRADE

As to a boycott, real or fancied, existing against Louisville and Lexington business firms and other firms in the western part of the state that sell goods in eastern Kentucky territory, the furor raised by the publicity given to the rumor, has at least brought out one fact, about everyone having any business with the eastern part of the state, was enthusiastic boosters for the bond issue.

Ever since the publication in western Kentucky papers of such boycott being in force, a steady stream of traveling representatives have come into this territory with figurative hats in their hands and rock-ribbed credentials in their pockets showing the enthusiastic support given to the bond measure by their respective firms. These do not come as penitent sinners but as much maligned individuals and firms who with clean records are so unfortunately situated as to live in the neighborhood with several thousand or hundred thousands of individuals who look at the immediate dollar and not five or ten years in advance, and who with wild eyed enthusiasm smote the bond issue hip and thigh on November 4.

Now if such things are true, and they are all honorable men, these amiable young men who come among us, and the heads of their firms as well, why not submit this bond issue at a special election. It would seem that the whole western part of the state was misinformed on the bond issue and its real import to the future of Kentucky, both highland and lowland, far and near, and that these penitent and much maligned people are only waiting an opportunity to swing in line with the eastern part of the state and vote the bond measure through to the tune of a hundred thousand strong.

People in the western part of the state would have much rather heard this talk from traveling representatives of western Kentucky firms before the election than at the present time. The real facts of the matter are that those same representatives of western Kentucky business houses did not talk that way before the election. To our certain knowledge at least two firms to whose traveling representatives were among us in October, spoke openly against the bond issue. This is first hand information and not hearsay evidence.

As for western Kentucky, it deserves everything it may get in the withdrawal of business. As for western Kentucky papers who openly and blatantly played their pipes against the measure, they deserve everything they may get in the loss of prestige and circulation that may come to them. As for the traveling representatives that come with simon pure credentials of good faith, they should have been more active before November 4th.

In other words, if western Kentucky business houses, wholesale and retail, had stirred their stumps before the election, the bond issue would have carried.

Did You Ever Stop to Think

By E. R. Waite, Secretary, Shawnee, Okla., Board of Commerce.

- THAT some people keep as busy as a "windmill" trying to agitate some impractical theory in business.
- THAT a whole lot of citizens try to tell business men how to run their business.
- THAT most of them know nothing about business.
- THAT a whole lot of these agitators have too much leisure time.
- THAT they use it overtime trying to ball up business conditions.
- THAT a whole lot of people misuse the patience of the business world.
- THAT there is also no question but that some business men should make a study of the principles of the right method of doing business.
- THAT there are enough problems in business each day to tax the ability of every business man to meet them.
- SOME MEN COULD HELP KEEP THE STANDARD OF BUSINESS HIGH BY SETTING AN EXAMPLE THEMSELVES.

Practical Nurse Tells

Mrs. N. B. Snow, of Route 1, near Paris, Tenn., tells the story of her experience as follows:

"I am 62 years old and I have been a practical nurse for more than 20 years, taking mostly maternity cases. One of my daughters suffered from cramping at . . . She would just bend double and have to go to bed."

CARDUI

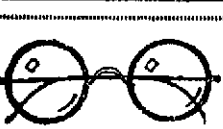

The Woman's Tonic

was recommended to her and she only had to take about two bottles, when she hardly knew that it was . . . she suffered so little pain.

"My youngest daughter was run-down, weak and nervous . . . no appetite and tired all the time. I gave her two bottles of Cardui. It built her up and she began eating and soon gained in weight and has been so well since."

Try Cardui. At all druggists.

TAKE INVENTORY OF NORTHWESTERN

Prominent Educators From Sister Colleges To Make Inventory To Determine Academic Needs.

EVANSTON, Nov. 11. (AP) —

A sweeping educational inventory of Northwestern university will be made by prominent educators of sister universities. President Walter Dill Scott has announced. Every department and school in the colleges will be inventoried, the first attempt of its kind made by a major institution he said.

"The public is aware that the number attending institutions of higher learning has increased, and that the cost of education has increased at even a faster rate," said President Scott. "These changes are, however, among the least significant of those that are occurring. We are altering our view as to the ideals and aims of education, and we are modifying our methods as the approved practices of attaining the desired aims."

"Educational administrators are attempting not only to adopt approved methods, but to forecast the future in an attempt to make the educational institution perform the greatest service to the students, to the community and to the advance of civilization. We have undertaken a survey that in thoroughness, and in breadth of view will compare favorably with any survey made by any industrial, commercial or educational institution."

BIG LOG LOG USED AS HOME

KEISO, Wash., Nov. 11. (AP) —

A hollow log 22 feet long and eight feet in diameter, divided into a combination bedroom and parlor, a kitchenette, a breakfast nook and a bathroom with a shower and mounted on a motor truck is the home of Mr. and Mrs. C. Cave. It has electricity and running water. The Caves living in their tree home, left here recently to see the

This National Advertising Is Being Done For Your Benefit!

Inducing the right sort of people to move to the L. & N.-served South; pointing out attractions of the South-land to desirable citizens, rather than to those seeking the bonanza of quick profits and temporary residence—this has been the work of the L. & N. Railroad ever since it became one of the great trunk lines of the Nation.

Advertisements of the type shown here are running continuously in the great farm magazines which circulate in the North, Northwest and East. They point out to the intelligent class of farmers the greater opportunities which prevail in the South, where weather, labor, and living conditions excel those of colder and more densely populated sections.

These advertisements supplement the work of the Industrial and Immigration Department of the L. & N., and the results of this combined effort are apparent in every section of the South.

News from Three States

KENTUCKY

HIT BY STRAY BULLET

MADISON, Ky., Nov. 12.—Wade Madden, 23 years old clerk, was shot in the head Tuesday when a shot was fired into his house here. Madden was sitting at his fireplace reading when the shot struck him. He was rendered unconscious for a few minutes, and when he revived and was examined it was found that the bullet entered the front of the head, traveling over his skull and under the school eleven of that city furnished the opposition. The cause was the feature of the Armistice day celebration at the Garrard county capital and was attended by a large crowd.

skinned and coming out at the back of his head. The bullet was dug from the wall, where it lodged and was found to be steel jacketed and was thought to have been fired from a automatic revolver. Madden is out walking about and none the worse for the experience, except for a sore head. The shooting of Madden was the result of reckless firing of a gun.

PLAY HARD GAME

RICHMOND, Ky., Nov. 12.—Madison High played the hardest one of its games at Lancaster Tuesday afternoon with the highing over his skull and under the school eleven of that city furnished the opposition.

THROWN, NAILS IN STREET

PARIS, Ky., Nov. 11.—Consternation visited the soul of a 12-year-old lad here Tuesday when just after throwing at least a hundred rusty nails in the middle of Main street in front of the Hourbon News office, he looked up to face Police Judge Fannetelli's fustian, who witnessed his act.

Mr. Timp Walker was in Middlesboro Tuesday.

Mr. Henry Freeman was shopping in Middlesboro Tuesday.

TENNESSEE

SCHOOL CHILDREN PARADE

MARYVILLE, Tenn., Nov. 12.—The greatest Armistice Day celebration ever witnessed in Maryville was staged here Tuesday when a parade composed of more

than 1,000 school children, members of fraternal orders, civil, military and professional organizations, accompanied by many floats, marched through the streets of the city.

CONSIDERED STRONG ENEMY

KNOXVILLE, Tenn., Nov. 12.—Middlesboro high, champion of the Southeastern Kentucky championship, stands between Knoxville Central high and its coveted goal of entering the annual clash with the K. H. S. Blue and White with the record of an unbeaten team. The Bolcats journey from home to encounter Middlesboro, playing there Friday afternoon.

SCHOOL KIDS STRIKE

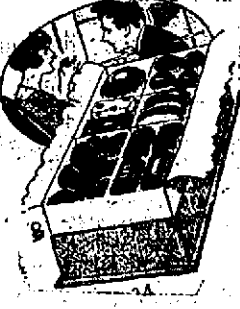

JOHNSON CITY, Tenn., Nov. 12.—About 400 students of the Johnson City high school walked out on "strike" Tuesday morning, enforcing an unscheduled holiday for Armistice Day. Being advised by the superintendent that no plans had been made for a holiday, it was stated that that school might

be dismissed at an earlier hour, the students took matters into their own hands and marched out of the building. They paraded the streets, with songs and school yells, then went to their homes. They were no disorder and members of the faculty were powerless to stop the stampede.

TAILOR MAKES VALUABLE FIND

"After spending \$800 for medicine and doctors in four years without getting any benefit for stomach trouble and bloating I was induced by my druggist to try Ayer's Wonderful Remedy and must say that a \$1 bottle has done me \$500 worth of good." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Lee's and druggists everywhere. Adv.

We hope the man who names moving pictures gets a headache.

POLAND BARS GRAIN EXPORT

WARSAW, Nov. 12. (AP)—The

government has fixed a charge of the equivalent of \$1 on each 222 pounds of grain imported because of the limited crops in Poland this year. This charge amounts to a prohibition of grain exports.

DODGE BROTHERS TOURING CAR

for all-weather driving

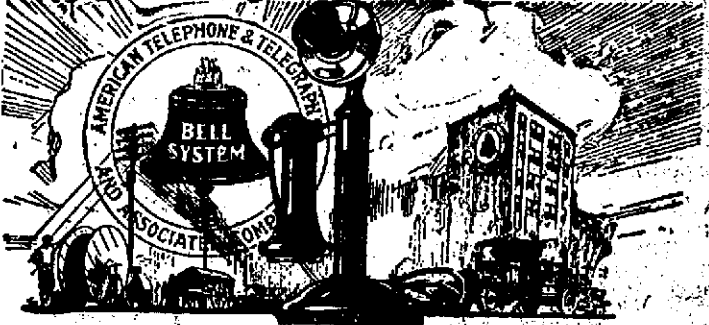

Widespread comment on the beauty of the car has not overshadowed public appreciation of its really exceptional riding comfort, smoothness of operation and long life.

Bad weather also emphasizes the value of other features—the unfailing response, in extreme cold, of Dodge Brothers powerful starter, and the snug protection afforded by suitable curtain enclosures.

A special enclosure with glass windows, which will provide closed car appearance and comfort, is now available at slight additional cost.

PINNACLE MOTOR COMPANY

18th Street, Middlesboro, Ky.

Taxes and Telephone Service

THE cost of all forms of government has grown greater during the past few years and necessarily these costs are reflected in the increased taxes every one pays.

The cost of rendering telephone service has also increased, but the rates charged for telephone service have not increased in anything like the same proportion as taxes, wages and other expenses.

The Cumberland Telephone Company's tax bill for the year 1923 in the four States of Kentucky, Louisiana, Mississippi and Tennessee, amounted to \$1,603,960, or an increase of more than 100 per cent over the tax bill of \$536,398 paid in the same States during 1916. During

this same period the investment in property increased 56 per cent.

The increase in taxes has been a continuing process, the taxes last year having been at the rate of \$5.55 for each telephone in service and an increase of more than 160 per cent over the tax bill of \$615.647 in 1917.

Although taxes form such a large part of telephone operating expenses, the Telephone Company has no objection to paying its just share of taxes, and pays cheerfully.

These facts are published so that telephone users may know the details of some of the major expenses which are reflected in the cost of their service.

Card of Thanks

We wish to thank our many friends for their many kindnesses to us during our bereavement in the death of our son John Lapsley Callaway. We thank them for the beautiful flowers sent and the use of their automobiles and the many words of sympathy.

Mr. and Mrs. A. G. Lane.

Resources of Trust Companies Increase

Trust company resources in Kentucky for the year ending June 30, were \$98,888,517, an increase of \$7,381,329, over 1923, according to "Trust Companies of the United States," just issued by the United States Mortgage & Trust Company of New York. The Southern Trust companies reported assets of \$647,060,000.

The totals for the country were \$16,025,580,000, a gain of \$1,584,042,000, or nearly 11 per cent over 1923, and deposits increased from \$11,828,983,000, to \$13,229,148,000, or more than 12 per cent.

In commenting in the figures for the year, John W. Platten, president of the United States Mortgage & Trust Company, says:

"It is significant that Trust company resources in the United States have more than doubled in eight years and have practically trebled in 12 years. These tremendous increases, together with the rapidly mounting volume of corporate and personal trust business, give evidence of the deep rooted and commanding position of Trust Companies, and furnish the best evidence of their ever growing usefulness."

Girl Scouts Earn Fine Medal Awards

The Blue Bird Troop of the Girl Scouts met on the lot in front of the Presbyterian church Monday afternoon at three o'clock. After formation of the patrols were made, prayer was offered. Three stars were given for regular attendance. Those to receive these honors were Scout Malvina Colson, and Scout Elizabeth Cleland.

Two gold stars for one hundred per cent attendance were awarded to Scout Malvina Colson and Elizabeth Cleland. Mildred Colson was presented with a silver star for ninety percent attendance.

Scout Elizabeth Cleland won the Medal of Merit. To get this medal a scout must be one who does her duty exceptionally well. The medal is worn over the right pocket. There are three Middlesboro scouts wearing these awards, these girls being, Helen Lewis, Hazel Johns and Elizabeth Cleland. This medal is given out from national headquarters only on the recommendations of the troop captain, and must go before the board of awards before it is finally granted.

One life saving medal is worn by Miss Allen. It was presented Christmas 1923. If people would awaken to the fact that scouting isn't all a good time, but that many useful things are taught in this work to make our boys and girls better men and women they would act more generously toward the organization.

To Keep Track of Children's Labor

(The Associated Press) FRANKFORT, Ky., Nov. 12.—Vocation and holiday employment certificates were mailed to county school superintendents by Melleny Rhoads, superintendent of public instruction today. The cards provide for report to the chief labor inspector at Louisville of children of school age working under the child labor laws.

RAY DOGS IS LATEST BREED

(The Associated Press) SEATTLE, Wash., Nov. 12.—A new species called a "ray-dog" was exhibited here by Julius Stankus, a Yukon river pilot, on his return from the North. He said his puppy was a cross between a muskrat and a malamute dog. The muskrat gives the dog a heavier fur for protection against intense cold, explained Stankus. He added that he obtained the pet from Indians at Fort Yukon, who breed the type for dog teams.

PICTURE COST NEAR MILLION

Frank Lloyd's Production of "The Sea Hawk" is Announced to Be "Mammoth Spectacle."

"Continuing its policy of presenting to the local picturegoers the biggest of cinematic productions, the Manning Theatre on Monday and Tuesday presents for the first time Frank Lloyd's First National Picture "The Sea Hawk," adapted from the best seller by Rafael Sabatini, author of "Scaramouche," and regarded by critics and producers as the greatest sea story ever brought to the silver sheet.

Dealing with a spectacular romance and the piracy of the late Sixteenth Century English, Spanish and Moors, "The Sea Hawk" is reputed to possess an extraordinary amount of thrilling incidents, red-blooded action and tender romance amid many quaint and massive settings and in the hands of the producer of "Ashes of Vengeance," "Les Miserables," "Black Oxen," and "Madame X," the Sabatini narrative is said to have lost none of its highly entertaining drama, but rather to have been greatly enhanced in its adaptation to the screen.

The transfer of Mr. Sabatini's original epic to the screen has made necessary the expenditure of nearly a million dollars, the building of a fleet of four mammoth sea-craft of the Sixteenth Century, \$85,000 in wardrobe and the use of over a thousand men in some of the brilliant naval combats; yet, its reviewers state "The Sea Hawk" is bigger than just the investment which has made it possible, indeed one of the truly great master-pictures of the films, with thrilling action and big situations to make each succeeding reel more fascinating than its predecessor.

Milton Sills plays the dual character of Sir Oliver Tressilian and Sak-el-Bahr, the hawk of the sea, and Enid Bennett is seen as his fiancée, Rosamund Godolphin. Lloyd Hughes assumes a character part for the first time in his meteoric screen career, playing Lionel Oliver's brother, and Wallace Beery essays the role of Jasper Leigh, a renegade who kidnaps Oliver from England and later returns there with him as his faithful lieutenant. Frank Currier, Marc MacDermott, Wallace MacDonald, Mme. Medea Radzina, Kathleen Key, Lionel Belmore, Claire du Brey, Fred de Silva, Hector V. Sarno, Bobbie Bolder line Montt, Albert Prisco, Kate Price and Louis Morrison are others prominent in the big cast.

SILVER CUPS ARE GIVEN WINNERS

All Are Jubilant Over Their Winnings and Look Forward to Next Armistice Day.

The tumult and the shouting dies. The silver cups which formerly adorned the display windows are now in the possession of their proud winners. Silver polish is at a premium and dinner is being delayed while owners give the shining surface a last lingering polish.

The cross-country run was won by Gerald Parlane, a freshman in the Middlesboro high school. Mr. Parlane did not have a very strenuous competition but that was no fault of his and he is deserving of his laurels as he ran a good race.

The golf cup was won by George H. Talbott, Mr. John A. Butler and Mr. McCamp Jr. won second and third places respectively. A fine brand of golf was played and interest did not fade until the last hole was shot.

The horse shoe pitching contest was won by Ed T. Hoo. Mr. Hoo pitched a mean shoe and proved to be no slacker for his opponents.

The prize offered for the most interesting display was awarded to Master Dave Roman. His exhibition was a small shetland pony. Elizabeth Evans was awarded second place for her little dog. The prizes were offered on the score of the most interesting display rather than for those which approach perfection or costliness.

The prize for the most attractively dressed doll was won by Susan Bailey. The doll was dressed in white garments with blue trimmings. There were many fine and beautiful dolls present and the judges are sorry that they could not all be given cups. As it was each child contributing to the success of the fair was given a small box of candy.

TURKEY DAY IS FOR HOME FOLKS

FRANKFORT, Ky., Nov. 11.—(AP)—Plans for Thanksgiving Day, Thursday, November 27, in Kentucky, are confining themselves mostly to family reunions, the big dinner at home, and several gatherings of closely knit organizations reports show.

For the harvest festival time, Miss Caroline Dougard, state director of music, has been outstanding in urging a thanksgiving spirit echoed in song.

She suggested today in a letter to county superintendents that the day be forecast by Kentucky school students. She said a review of historical periods would be timely and interesting, the first autumn, old English harvest home, Indian festival, the first Thanksgiving, Columbia's harvest.

She offered these song books and others as fruitful of study: "Wonder Book, Green Myths, Day in Old Athens, House Life of Ancient Greeks, Folk Songs of England, The Jolly Ploughboy, English melodies, Harvest Moon, Songs of the Child World, Thanksgiving Song, Book of Days, Book of the Indian, Corn Grinding Song, Song Corn Offering, Indian games, songs and dances, Follow Mother Corn, Red White and Blue, La Cinquantaine, Dixie Stars and Stripes, Land of the Sky Blue Water."

In the episode, the first autumn Miss Dougard mentioned the introduction of "a very charming rhythmic performance by Green children to give grace and beauty to the action."

The spirit rather than the substance of the "English Harvest Home" should be shown in the episode, she said. Several songs from the seventeenth century were suggested.

The Indian Corn Festival should have no spoken word, was her plan. Songs and pantomimes were the keynote expressed.
